DUONG MINH TAI

Hello, *Kai here!*

Hello! I am a Digital Designer specializing in brand identity, visual communication, and digital marketing design.

I help businesses solve branding and visual challenges by creating cohesive identities, engaging social media content, and high-impact advertising materials. My approach combines strategic thinking, user experience principles, and modern design practices to deliver clear, memorable, and effective visual solutions that strengthen brand presence and connect with audiences.

05

WEB DEVELOPMENT

WEB SERVICES - LANDING PAGE - AI AUTOMATION

ONLINE TOOLS WEBSITE

I create modern websites, landing pages, and digital tools designed to enhance user experience and business efficiency. By combining web development, automation, and practical design thinking, I build solutions that help brands grow, automate workflows, and deliver real value to their customers.

06

PHOTOGRAPHY

INDOOR - OUTDOOR - FOOD

I create portrait and fashion photography that emphasizes personality, confidence, and visual aesthetics. By combining lighting, posing direction, and professional retouching, I produce refined images that strengthen personal branding, showcase products, and communicate a distinct visual identity.

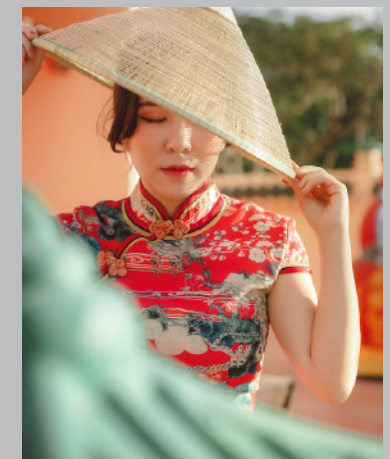

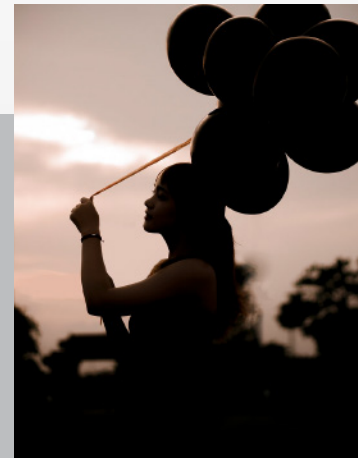

07

PHOTOGRAPHY

INDOOR - OUTDOOR - FOOD

I document events with a storytelling approach, preserving authentic emotions, key moments, and the atmosphere of every occasion. From corporate events and festivals to weddings and community gatherings, my goal is to create meaningful visual narratives that allow audiences to relive memorable experiences.

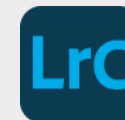

08

PHOTOGRAPHY

INDOOR - OUTDOOR - FOOD

I capture food photography that highlights texture, color, and presentation, creating visually appealing images that enhance brand identity and customer appetite. Through careful composition, lighting, and post-production, I transform dishes into compelling visual content suitable for menus, social media, advertising, and promotional campaigns.

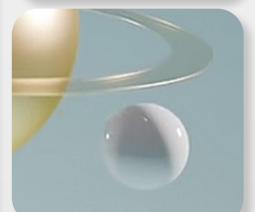

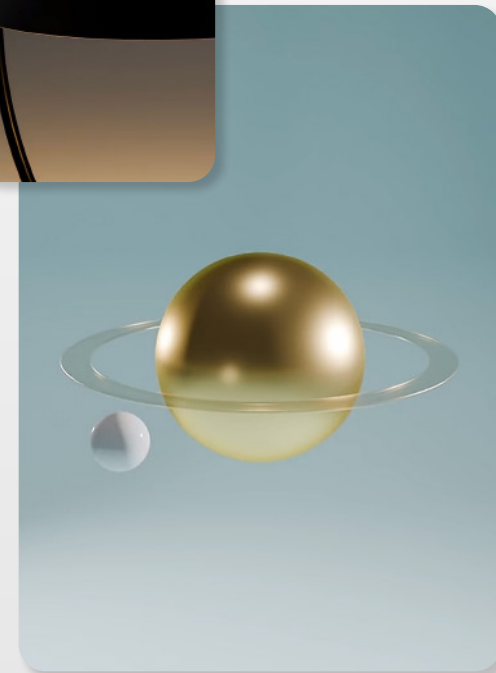

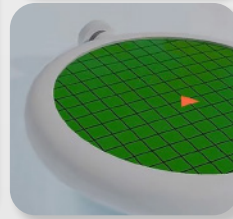

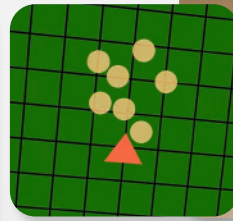

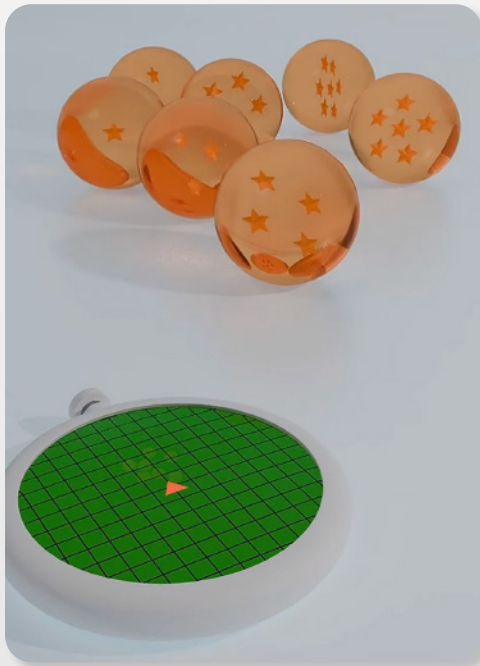

09

3D VISUALIZATION

I design and render 3D models that bring concepts and products to life through realistic visualization, detailed materials, and professional lighting. My work focuses on creating engaging visuals for presentations, product showcases, advertising, and digital content.

THANK YOU !

*"I believe design is not about making things beautiful,
but making ideas understood."*
